**The Brunswick Concord** is available for \$5,299 and will be a top-quality table for your family for many years. The difference between this table and the Andover is that the Playfield is 16" wide instead of 20" wide, but it still has the 2.5" thickness and, more importantly, the 1/4" polymerized resin surface that is necessary for proper play. The cabinet is a mix of solid wood and MDF veneers and Brunswick has simplified the design to make it easier to produce thereby saving costs.

Aesthetically, this table comes in the very popular Nutmeg and Chestnut finishes. You can match this shuffleboard with an Allenton to keep a pool table / shuffleboard combination for under \$9,300.

Our prices include delivery & Installation.
